

# TORNAFORT MF S3 SRC ankle

SAP CODE

02020857 XX XXX

60 BLACK, LIGHT GREEN

## DESCRIPTION

Modern safety ankle boots with a composite anti-puncture insole and a composite toe cap that protects against compression with a force of up to 15 kN or a load weighing up to 20 kg falling from a height of 1 m. The anti-static sole made of a combination of polyurethane and very durable rubber guarantees not only comfort, but also safety thanks to the non-slip properties of the sole, which is also resistant to oils and abrasion. The upper part of the shoe is made of natural leather "NUBUCK" and the inner lining is made of breathable polyester. Reflective elements guarantee increased user visibility. This model is equipped with a comfortable inner insole, which, thanks to the gel heel, absorbs shocks even better and brings a maximum feeling of comfort during work. These shoes look like sports shoes, but they protect your feet perfectly.
